About Me

Hello! My name is Ermiyas Tesfaye, and I'm a third-year software engineering student at Addis Ababa University. Originally from Addis Ababa, I have a passion for both technology and the arts.

I completed my primary education at Embut School and then attended Vision Academy for high school. During my time in Embut School , I won drawing contests twice, showcasing my artistic abilities. Now, as a software engineering student, I am dedicated to expanding my technical skills and knowledge.

Outside of my studies, I find joy in attending church, watching movies, and playing football. These activities provide me with spiritual fulfillment, creative inspiration, and physical activity.

I'm excited about the possibilities that lie ahead in the world of software engineering and art. With a commitment to growth and making a positive impact, I look forward to the journey ahead.

Education

- ### Highschool

 **Vision Academy**

  2019 - 2021

  In my 10th grade matric examination, I achieved exceptional results by attaining four A grades and also in the 12th grade, I further excelled in my matriculation examinations by attaining a remarkable score of 569.

- ### University

  Addis Ababa Institute Of Technology

  2022 - 2026

  I am a 3rd year Software engineering student at Addis Ababa Institute of Technology
